Dear Mr. Larson:

The Kentucky Division of Waste Management (KDWM) has reviewed all available data concerning the demolition and environmental sampling pertaining to the above-referenced property. The review for the property is technically complete.

The Superfund Branch has determined that the site is in compliance with Kentucky Revised Statute (KRS) 224.01-400 (18) (a). Therefore, no further action is necessary regarding the above-referenced site. The Division does reserve the right to request further action if evidence of contamination is reported later. The Branch considers further maintenance and care of the site to be your responsibility.

The Division supports property redevelopment that is protective of human health and the environment. If you have any questions or if I can be of further assistance, I may be contacted by telephone at (502) 564-6716, or by email at Daniel.phelps@ky.gov.

Sincerely,
